IHA Year End Awards

1. The Rider must be a member of the Islip Horsemen's Association prior to the first class of the first show in which the scores are to count.
2. To qualify for year end awards, a horse and rider must have four (or more) scores from two different judges within the level during the series. At least one of those scores must be from test 3 (or C). The four highest scores from at least two different judges (including at least one test 3 score, whether or not it is one of the highest), will be averaged. The test 3 (or C) rule is excluded in IHA Walk/Trot, Beginner Horse, Beginner Rider and FEI classes. All horses and riders must obtain a median average score of at least 50% to qualify in all divisions.
3. Once a horse and rider combination has won a year end **championship** at a level, they **will not be eligible** for year end awards at that level again. They can, however, ride in that same level the next season and show competitively at each show but scores won at the level will not be counted for year end awards. High score and reserve high score averages at each level will be recognized.
